

REPUBLICAN RALLY AT ORFORDVILLE

WALLACE INGALLS, OF RACINE, THE SPEAKER.

Congressman Cooper Was Unable to Attend an Account of Illness.—Ingalls Easily Filled the Bill.—Was Loudly Applauded By An Audience Numbering Three Hundred.

What proved to be one of the most enthusiastic and largest attended political rallies ever held in the little town of Orfordville took place last evening in the town hall there. The audience was composed entirely of voters. Fully three hundred were in attendance, and long before the hour set for the speech every available seat in the hall was taken.

When the meeting was first announced it was the intention of the committee in charge to have Congressman Cooper on the platform as the orator of the evening. At the last moment illness prevented him from leaving his home in Racine, and in his place Wallace Ingalls, a prominent attorney of that city, was substituted. That Mr. Ingalls held his large audience last evening in every sense of the word, delivering a masterly address, is not doing the speaker half justice. On the platform with him were seated several well known residents of the county. Attorney Edwards dealt with the different political problems of the day, scoring the 16 to 1 policy as now worshiped by the silver democrats and by which policy they will stand. He also spoke at length on state issues, praising the good work of the Scofield administration. The speaker was frequently interrupted by applause, and at the close of the meeting was given a rousing reception. Several from this city attended, and report a most successful meeting.

Spoooner at Beloit
Senator John C. Spooner spoke at Beloit last night and although suffering intensely with neuralgia in the neck he gave one of the most forcible and convincing political arguments ever heard in Beloit. He was compelled to curtail his address to catch a train for Madison, much to the regret of his audience.

The meeting was held in the opera house and a large audience was present. Senator Spooner touched upon the various elements of the campaign and paid a high tribute to Gov. Scofield and Congressman Cooper. After being introduced by Chan Ingersoll, editor of The Free Press, he said in part: "I believe I was a candidate for governor in 1892, and I remember rightly I was not elected. I recollect when here in that year that I talked to you on prosperity and called attention to the existing conditions. My prediction at that time was that if Cleveland was elected on the platform tariff law with no element of protection, that disaster would result."

LOADS OF FUN IN PROSPECT

Genuine Colored Minstrels Here Tomorrow Evening.

The Oliver Scott colored minstrels, which are to appear at the Myers Grand tomorrow night, are undoubtedly the best exponents of minstrelsy among their race in the world. Their performances have met with universal favor. The singing and dancing is said to be of the kind that only the negro is capable of putting forth. "Rag time" we believe that latter day musicians call the snappy, catchy style in which the comic songs are delivered. Their numerous specialists are of a high order. Marsh Craig, the human corkscrew, the great McCarver Bros., Reed Brothers, acrobats and pantomimists, the Oriole Quartette, a company of Hoo Doo dancers, Charlestown shouters, a big brass band, a drum corps and a superb orchestra and a gala street parade, are but a few of the things that Manager Scott introduces in his all-star negro show. The company opens on their own special train and number forty people.

ARE AFTER CHICAGO TRAFFIC

The St. Paul Road Will Run New Train From Here.

The Chicago, Milwaukee & St. Paul railroad company are now after Chicago passenger traffic from here in real earnest. On and after Sunday they will run a vestibule train between Jamesville and Chicago. This is the same train which for three days during the Peace jubilee ran between this city and Chicago. It has reclining chairs, a lavatory and all the modern conveniences. It will leave Jamesville at 7 o'clock a. m. every day in the week and arrive in Chicago at 10:15 a. m. making but three stops, Beloit, Rockford and Elgin. On the return trip it will leave Chicago at 4 p. m., arriving in Jamesville at 7:15, thus giving six hours in Chicago. This train has been running between Beloit and Chicago for some time, but the company have at last decided to give Jamesville people the benefit of this elegant train. The fact should be thoroughly appreciated by the traveling public.

THE VOLUNTEERS ENTERTAIN

Were At the Kimball Mission This Afternoon.

At the Mary Kimball Mission on South Jackson street this afternoon the American Volunteers held a most interesting meeting that was well attended. This little band are doing good work in the city.

They opened a series of meetings here last evening at the First M. E. church. The service consisted chiefly of singing and giving testimony and concluded with a brief sermon on "Love," by Adit W. G. MacLaren. A collection was taken up for the purpose of aiding the Volunteers in their westward journey to Utah, where this company of workers for the gospel is to be stationed. Their purpose is the overthrow of Mormonism and they are starting out without money, relying on the people along the way to help them forward on their journey. They expect to arrive in Utah about Christmas.

The Far Eastern Crisis.

Archibald R. Colquhoun, author of the recently published work on "China in Transformation," contributes to the "North American Review" for November a most important article entitled, "The Far Eastern Crisis," in which he deals with the sequestration of the Chinese Empire at the hands of the despotic and military states of Europe. China, however, Mr. Colquhoun points out, is a world nation, and the status of the United States as mistress of the Philippines and of the Sandwich Islands imposes on her the duty of taking a hand in the game that is to be played in the Western Pacific.

SEVERAL MATTERS BEFORE THE COURT

BOWER CITY BANK RECOVERS STOLEN MONEY.

Complaint Has Been Filed Against Edgar N. Mayer Charging Him With Forgery.—Wilkie Denver Mace a Grandstand Play This Morning in Court.—Other Court Doings.

Complaint was filed in the municipal court this morning charging Edgar N. Mayer with feloniously, unlawfully, willfully and falsely making, forging and counterfeiting a certain bill of exchange and order for the payment of money of the form commonly known as a bank check for the amount of \$220, and on the back of which appeared the names of "C. E. Burdick" and "James Shearer."

As the result of this forgery the Bower City bank is not out one dollar, for the money has been recovered, and from now on the bank is only interested in the case as complaining witness, the state taking the case in hand for prosecution with District Attorney Jackson as prosecuting attorney.

According to the Chicago police Mayer is not such a bad fellow as many would have the public believe. He has

J. V. QUARLES SPEAKS TO-NIGHT, At The Myers Grand.

The people of Jamesville will have the opportunity this evening of listening to Hon. Joseph V. Quarles, of Milwaukee, on the political issues of the campaign. Mr. Quarles is one of the most eloquent speakers in the west, and his exposition of republican doctrine is always masterly. Wherever he has spoken this fall—and he has traveled the greater part of the state—he has

never before been mixed up in any such affair and even in this case he seems to have been partially led into it. He is a lover of fast women and this has had much to do with his being in trouble.

Mayer was brought into court this afternoon at 3 o'clock, and pleaded not guilty to the information filed against him, and the examination was adjourned till next Saturday at 10 o'clock. In default of \$500 bail he was remanded to jail.

Hon. John Winans, of Winans & Russell, appeared in his behalf.

WILKIE DENVER, OF THIS CITY, WHOSE FACE IS GETTING TO BE QUITE A FAMILIAR ONE IN THE MUNICIPAL COURT ROOM, WAS BEFORE JUDGE FIFEED THIS MORNING ON THE CHARGE OF VAGRANCY.

When arraigned Denver made a great grand stand play and came out an easy winner. He shed real tears and begged for mercy in a way that made the officers present feel very sorry for him. Denver, it appears, is charged by the police with being a worthless character. In court this morning Denver stated that the police were after him every time he showed his face on the streets and that he didn't expect justice for the reason that he was a poor man and hadn't friends to help him along. He further informed the court that he never used tobacco nor drank. On promise that he never again show his beaming face in this city Denver was saved a long sentence in jail. He will get out of town within the next twenty-four hours and will locate in Waukesha.

The Beloit Thieves, Darb Griffin and Earnest Byers, who were taken to Beloit yesterday to answer to the charge of larceny, were remanded to jail.

The evidence against them warranted Justice Booth in holding them for trial, which was set for Wednesday, Nov. 9 at 10 o'clock, in the municipal court. In default of the necessary bail they were placed in jail to await trial.

Scott Garland and Mary Garland, alias May Morse, were also taken before Justice Booth for examination on the charge of incest. They were also held for trial, which was set for Wednesday, Nov. 9, in the municipal court. In default of bail they were also placed in jail to await trial.

London, Nov. 2.—[Special]—Great Britain's naval preparations, ostensibly made against France, now seem to have been made against Russia under cover of the Pashoda incident. A dispatch from Wei-Hai-Wei says vessels of the British fleet in Asiatic waters are stripped for action, and a large Russian fleet is assembled at Port Arthur. It came as a stunning surprise to the British public, which was not contemplating war with Russia. The exact nature of the crisis in the east is not known, but naturally it must relate to Russia's grabbing policy there. England's preparations for war, which are on a scale exceeding any since the Crimean war, have puzzled many. Today's developments explain the mystery.

London, Nov. 2.—[Special]—A dispatch from Wei-Hai-Wei says all the British war vessels there have cleared for action and are ready to put to sea at an hour's notice. A large Russian fleet is assembling at Port Arthur.

BETS FAVOR REPUBLICANS

Few Wagers Laid on the Election, But These Are All One Way.

While there is little outward appearance of interest in the result of the forthcoming election, there is an under current of enthusiasm at the certainty of republican success. Although Janesville is not a betting community there are a few here who habitually place small sums at risk. No bets are to be had on the result in the state. On the local ticket democrats ask large odds both in the stake and as to majorities. One bet of \$50 has been made that Appleby will be elected sheriff by 1,500 majority.

The odds are about the same all over the state. According to the Milwaukee Sentinel odds are being offered in that city on Sawyer's defeat and even money that Gov. Scofield will win by 25,000 plurality, but there are no takers at even those odds.

There is not a cent to be had on Candidate Donnelly's election. There is considerable Otjen money in the field, but it is all uncovered so far and it is not likely to find any takers.

IMPERIAL BAND DANCED

Successful Ball Given At the Armory Last Evening

The social dancing party given last night by the Imperial band was a notable success. The Armory was thronged by a large concourse of young people intent upon enjoying themselves. From 8 to 9 o'clock the band played a program of excellent music, which was received with much favor by all present. Smith's orchestra then assumed the platform and dancing was indulged in till long after the midnight hour.

It is in contemplation to increase the membership of the band to twenty-five and this will be done as soon as the financial condition of the organization will warrant. The entertainment of last evening was a step in the right direction and will materially assist in placing the band in such a position as will render it a matter of comparative ease to carry out its intention.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the affected parts is superior to any plaster. When troubled with a pain in the chest or side, or a lame back, give it a trial. You are certain to be more than pleased with the prompt relief which it affords. Pain Balm is also a certain cure for rheumatism. For sale by People's Drug Co.

Fairfield.

Fairfield, Nov. 1.—Last Wednesday evening Rev. I. Johnson began a series of stereopticon views on "Pilgrims' Progress," which will continue on Wednesday evening of each week. These lectures are very interesting and profitable to all. Rev. H. Coleman gave a lecture at the M. E. church last Thursday evening. Prof. Medbury's concert called out a full house and proved a pleasing success. The vicinity is to be congratulated on being able to obtain so able an instructor for the pupils in music. A serious accident befell Mrs. Wm. Rokenbrodt last week by stepping on a rusty nail. She suffered severely for several days, but is improving at present writing. On Monday evening a company of young people gave Mr. and Mrs. Eugene Serl a Halloween surprise. The date being their second wedding anniversary. The evening passed pleasantly with games and music, sandwiched with apples, nuts and confectionery. Master Glenn McCarthy has been on the sick list for a few days. Mrs. Rice and daughter, Agnes, of Milton, spent Saturday and Sunday with Mrs. E. Serl.

THE LIFE LINE.

The Slender Cord Which Means Life or Eternity.

Dr. Greene's Nervura the Great Health and Life Saver.

Its Wonderful Power to Cure Everywhere Making the People Well.

He would be a foolish man, who, finding himself drifting down a rapid stream to a dangerous cataract, refused a line thrown to him to draw him into safety, preferring to trust to chance to reach the bank. Such a course would be thought simply suicide. And yet those who have lost vitality and vigor, who are suffering from weakness, vital exhaustion, nervous prostration, rheumatism, stomach trouble, kidney and liver complaints, caused by overwork, excesses, worry or exposure, and spend their time and money experimenting with medicines which do not cure, are doing something very like the drifting man. The real safety for the suffering, the weak and prostrated lies in Dr. Greene's Nervura blood and nerve remedy, the greatest nerve and blood medicine the world has ever known, and the surest cure you can possibly take. This is the life line that is thrown out to those in danger from disease. Thousands have availed themselves of this means of safety and to-day are rejoicing that they used Dr. Greene's Nervura.

Mrs. Emma Blodgett, 48 Sixth Street, Dover, N. H., used it and got well, and you can do the same if you will only try it. She says: "I had a severe trouble with

my nerves, and also considerable difficulty with my stomach, such as the belching of gas, and the usual pain and distress of a dyspeptic. I tried Dr. Greene's Nervura blood and nerve remedy and it proved a blessing to me. I think everything of it and feel that I could not live without it. I had a friend in Brockton, by the name of Mrs. Albert Howes. She had neuralgia around the heart, and was confined to her bed, being unable to help herself. I recommended Dr. Greene's Nervura and she sent for a bottle and commenced using it. Mrs. Howes said she could not turn in bed without attacks of acute and distressing pain, but after using four bottles of Dr. Greene's Nervura blood and nerve remedy the pain left her and in two weeks she was out of bed. It was, in my opinion a great victory for Dr. Greene's medicine, and I always recommend it to sufferers wherever I meet them.

Don't delay—use it now and accept no substitute, for Dr. Greene's Nervura has no equal as a nerve and blood remedy in the world.

Dr. Greene, 148 State Street, Chicago, Ill., is the most noted and successful specialist of the day and can be consulted free, personally or by letter. Use his great remedy, Dr. Greene's Nervura, and consult him freely, if you desire.

PROFESSIONALS

ARE FORCED OUT

CHICAGO FOOT BALL RINGERS MUST STEP DOWN.

One of Them Admits His Disqualification—Others Are Now Undergoing Investigation—Managers of The Team Admit They Have Been Imposed Upon and Promise Reform.

As one result of the protest of Wisconsin against certain players in the University of Chicago foot ball team, that organization is likely to be purged of at least two of its professionals. Gordon Clarke, Chicago's plucky half back, is no longer a member of the university team. The charges made by Wisconsin have resulted in his confession and his immediate withdrawal from the team. If a bomb had been thrown upon the campus it could not have created more consternation. The offense is coaching a foot ball team for money.

Clarke's letter in which he makes confession is explicit, and corroborates all the charges made by the Wisconsin management.

Rogers, against whom protest was also made, claims that this is only his fourth year in university football, as he was too ill to play in 1894 when he was nominally a member of the Beloit eleven.

The withdrawal of Clarke will materially affect Chicago's game, especially the place kicking feature. No other man on the team can take his place in helping Herschberger in this department. Drop kicking will have to be depended upon in the future.

The Chicago university authorities will say nothing about the protests against other players—Boston, Allen and Cansels. All the men say that they are loaded for any charges of professionalism that may be brought against them. No action has been taken by the athletic board of the varsity in the matter, but a meeting will doubtless be held in a day or two. The university authorities and Captain Keunedy refused to make any statement in regard to the matter, other than that they regret the whole affair.

Foreign Mission Work Discussed.

Indianapolis, Ind., Nov. 2.—At Tuesday's meeting of the general executive committee of the Women's Foreign Missionary Society of the Methodist church reports of foreign mission work were given and progress was reported in all of the districts. At night songs in Japanese were sung by Miss Belle Griffiths of Yokohama, Miss Matilda Spencer of Tokio and Miss Heaton of Nagasaki.

Direct Line of Steamers.

Washington, Nov. 2.—Ambassador Hitchcock, at St. Petersburg, notifies the state department that arrangements have been made with the United Steamship company of Copenhagen to establish a line direct between Russia and the United States. The advantage to importers in this country will be cheaper rates and avoidance of transshipment.

Ever notice the base in a Favorite Base Burner?

Not particularly?

If you did you would find it a third larger than in any other stove with same size fire pot.

Why, if you should place the ash pan of any other stove in a Favorite ash pan it would be lost. Ash pans are made to fit the base, you know.

Every manufacturer tries to get as much radiating surface on his stove as possible, without spoiling the proportion. We have at least one-third more radiating surface on the Favorite base burner.

Radiating surface is heating surface.

The more heating surface you have on the stove the less coal it burns—the less you have to force your stove. Saves coal, saves stove, save money.

STAND BY THE PRESIDENT

William McKinley, President and Commander-in-Chief of the Army and Navy of the United States, represents today honest money and the credit, prosperity and progress of the country as much and more than he did in the memorable campaign of 1896.

Stand by the president in every state in the Union! Vote for men who will vote to sustain him! Vote for republican candidates for congress, and for republican members of legislatures that will elect United States senators! Vote for every candidate identified with the president's party.—N. Y. Sun.

LOSSES IN THE WAR.

The deaths from all causes in our army from May 1 to date were 2,910 out of a total force of \$274,717, or a percentage of 1.059. These figures when brought in comparison with the losses of former expeditions to the West Indies, show how insignificant our death rate has been. In the English expedition to the West Indies the land forces numbered 14,000. The losses were 1,790 officers and men killed, wounded and missing, and the losses by disease were about 50 per cent. of the total force.

The French expedition to the West Indies in 1802 was perhaps the most disastrous in losses from disease. The French army loss in four months from disease alone was 15,207 men, out of a total of 58,545, a mortality of 868 per thousand. Of the 8,275 survivors 3,000 were reported unfit for duty. The figures as to the loss of the Spanish from disease in this war are not obtainable yet, but one statement alone shows how greatly the Spanish army has suffered. Spain has carried to Cuba during the present war 135,000 men. There now remains but 85,000, and thousands of these are incapacitated and will have to be carried back to Spain in the hospitals. Compared with her loss from disease, the losses in battle by the Spanish have been insignificant.

The United States navy has been increased by eight Spanish war vessels now flying the stars and stripes, of which five belong to Admiral Dewey's squadron. All are small vessels, however, except the Maria Teresa, which has been raised and will shortly arrive in the United States under her own steam. But the yellow papers are acting as though we had been whipped by the Spaniards.

Janesville people have abused the C. & N. W. road for many years because a new depot was not built. Now that the railroad has done its part, what is to be expected of the patriotic people? Shall the train shed be torn down, or shall some way be devised to keep it intact?

A Waukesha woman willed \$5,000 to Carroll college, but when she saw a game of football at the college gridiron, she tore up the will and made a new cutting the college off. She thought football too brutal a game to be encouraged.

A Sure Sign of Croup.
Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. Fresh Fish.
We have ordered and will receive Thursday morning fresh wall eyed pike, trout, white fish and steak trout. We will also have some very choice smoked white fish. Every day we are receiving direct from the oyster beds at Baltimore the choicest solid meats that money can buy. Our oysters are kept in stone jars clean and sweet, a fact worth remembering. Reefers: New Zealand. Nov. 23, 1896. I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes of the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

We are Blowing Our Own Horn!

In these days of hot competition it behooves the progressive merchant to do a little tooting on his own hook. Some do too much on too little backing; others, too little on a good lot of backing. We do a good deal and have plenty of good, sound stuff to shout loudly on.

Hard to Beat this Stove collection; in fact, impossible to equal or beat. If you could in any way find an objection in one Stove one of the others will satisfy you in every way.

Top of the Heap

We have been in Stove business this season. We prepared for a windfall, and—well—we "got" it. Buyers were more than plentiful. The more Stove purchasers looked the field over the more they became convinced of our Stove efficiency. Stove buying is not over by any means and we are pleased to say we are as well prepared today to suit all comers as at any time.

A Pointer about prices—There has always been

one great secret about our rapid Stove selling and general good business. Not a secret either—just low prices even with the high qualities of our goods. We don't believe in bleeding our customers; business is not all done in a day or a year.

It is possible to sell once at high prices but it don't go more than once. Our record of over thirty years of increasing hardware and stove business is clear from high prices. Lowell is never undersold. A TIN WORK, did you say? We can do it in a hurry. Plenty of men, plenty of tools, and plenty of desire to catch your trade.

ELECTION NOTICE.

OFFICE OF COUNTY CLERK.
October 31st, 1898.

TO THE ELECTORS OF ROCK COUNTY:

Notice is hereby given that a general election is to be held in the several towns, wards and election precincts in the county of Rock on the eighth day of November, 1898, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose names have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation each in its proper column, and the questions submitted to a vote are stated below:

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot the voter must retire, alone, to a booth or compartment and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. (If it be a general election these words are to follow: The voter, if he wishes to vote for all the candidates nominated by any party, should make a cross mark, X, under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked and having no other mark, will be counted for all the candidates of that party in the column underneath, unless the names of some of the candidates have been erased, or a cross mark be placed opposite the name or names of candidates in another column, and will be counted for all names written in lieu of one erased. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark, X, after the name of each candidate he desires to vote for.) If he wishes to vote for a person for a certain office whose name is not on the ballot he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes time is allowed in booth to mark ballot. Unofficial ballots or memorandum, to assist the voter in marking his ballot, can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability, he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter, and if he declares that he is totally blind he may be assisted by any person chosen by him from among the legal voters of the voters of the county. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are, for example, as follows:

Russia Threatens to Retaliate.
Berlin, Nov. 2.—Russia has presented to the foreign office a formal complaint because of the restrictions which for months have been placed upon Russian imports into Germany, the German government in this case, as in the case of American meat products, having yielded to the clamor and pressure of agrarian interests. The restrictions are characterized by Russia as incompatible with the spirit and letter of the commercial treaty, and if they do not soon cease, Russia threatens to begin vigorous retaliation.

Statement of the Public Debt.
Washington, Nov. 2.—The treasury statement of the public debt shows that at the close of business Oct. 31, 1898, the debt, less net cash in the treasury, amounted to \$1,110,966,922, an increase for the month of \$43,487,717. This increase is accounted for by the issue during the month of about \$36,680,000 of the new 3 per cent bonds and a decrease of about \$7,238,000 in the cash on hand. The entire amount of the new loan so far taken up in the monthly statement is \$179,399,180.

Great Horseman Dying.
San Francisco, Cal., Nov. 2.—At the Palace hotel, the most famous horseman California has produced is dying. Orrin Hickok arrived here last Friday from the East in bad condition, took to his bed and has now suffered a paralytic stroke which deprives him of the use of his right arm. Doctors think he cannot regain it and that he will never be out of bed again.
